

# STOREFRONT DOOR

## FOR COMMERCIAL & METAL BUILDINGS

The Global Storefront Door System is completely pre-glazed, preassembled and pre-hung. The door, frame, glass and hardware are all installed in our factory-controlled environment so it's completely ready for install when it hits the job site. This ground-breaking concept completely eliminates the builders' need to contract a local glass shop.

### Standard Features Include:

- Push/Pull Hardware
- Deadbolt with Inside Thumbturn
- Grade 1 Closer w/ Parallel Arm
- 1" Clear Tempered Glass w/ Option for Low E and Tint.
- Dark Bronze Anodized, Clear Anodized, White Painted Finishes Available
- Optional Subframe for Metal Building Girt Installation.
- Transom and Side Lite Options Available Upon Request.
- Additional hardware options available upon request (exit device, electric strikes, etc.)
- Optional 10" Bottom Rail for ADA Compliance

**STOREFRONT DOORS COME PREASSMEBLED, PREGLAZED, AND PREHUNG. THIS ELIMINATES THE NEED TO CONTRACT A LOCAL GLASS SHOP. THE STOREFRONT DOOR INSTALLS THE SAME WAY THE PREASSEMBLED STEEL DOOR DOES: EASILY & EFFICIENTLY.**

**DOUBLE DOORS**

**DOORS WITH SMALL SIDE LITES  
AND/OR TRANSOMS**
